Objective

Aspiring Data Analyst with skills in Python, SQL, Machine Learning, NLP, and Data Visualization seeking opportunities to apply analytical and problem-solving skills.

Education

M.Sc Data Science	2024 – 2026
Bishop Heber College, Trichy	CGPA: 8.25
B.Sc Computer Science	2021 – 2024
Shrimati Indira Gandhi College, Trichy	CGPA: 7.95
HSC	2019 – 2021
SVM Higher Secondary School	82.5%

Skills

Programming	Python, SQL
Analytics	Data Cleaning, EDA, Dashboard Development, Visualization
ML & AI	Machine Learning, NLP, Deep Learning, Predictive Analytics
Tools	Power BI, Excel, GitHub, VS Code, Jupyter Notebook
Libraries	NumPy, Pandas, PyTorch, Scikit-learn, Transformers
Soft Skills	Leadership, Teamwork, Communication, Problem Solving

Projects

- **Multi-Label News Article Classification Using NLP** – Developed a BERT-based multi-label news classification system using the Reuters-21578 dataset with feature fusion of headline, summary, and body text for accurate category prediction and contextual understanding.
Skills: NLP, BERT, PyTorch, HuggingFace Transformers, Streamlit, Deep Learning.
- **PredictCare: AI-Driven Predictive Analytics for Patient Readmission** – Designed an AI-powered healthcare analytics system to predict patient readmission risks using machine learning and real-time monitoring concepts.
Skills: Machine Learning, Predictive Analytics, Healthcare Analytics, Data Visualization.
- **AutoGateID – Smart Entrance Monitoring System** – Built a QR-code based smart entrance monitoring system that automates student identity verification and secure real-time access control.
Skills: Python, QR Authentication, Database Verification, Access Control System.
- **Automated Job Application Portal with Profile-Based Matching** – Developed an AI and NLP-based employment portal that automates job matching, application submissions, and real-time notifications.
Skills: AI, NLP, Data Analytics, Automation, Resume Matching.

Internship

GUVI HCLTech – Master Data Science Program Internship	Nov 2024 – May 2025
Certificate Link	
CODTECH IT SOLUTIONS – Data Analytics Internship	Dec 2024 – Jan 2025
Certificate Link	

Certifications & Achievements

- Presented the paper “Automated Job Application Portal with Profile-Based Matching and Notification System” at Data Science International Conference 2024.
Certificate Link
- Presented the paper “AI-Driven Predictive Analytics for Patient Readmission” at Data Hack 2024, Bishop Heber College.
- Presented the paper “AutoGateID – Smart Entrance Monitoring System for Students” at Data Hack 2025, Bishop Heber College.
- Participated in **TechVista 2024 Intercollege Competition – ICONICS**.
- Participated in **AINSPIRE 2K25 National-Level Technical Symposium – Data Analysis and BGM Finding**.
Certificate Link
- Participated in **SWAP 2K25 National-Level Technical Symposium – Big Hit Draft**.
Certificate Link
- Conducted **ANALYTIX FEST 2K26** under the Department of Data Science, Bishop Heber College.
- Certified in **Employability Skills Training Program** by Naandi Foundation.
Certificate Link
- Certified in **Employability Skills Value-Added Course** at Bishop Heber College.
Certificate Link
- Certified in **Full Stack Development Value-Added Course** at Bishop Heber College.
